Ceramic Valley Enterprise Zone Annual Report

The Ceramic Valley Enterprise Zone Annual Report has been compiled in order to provide a detailed update for the Stoke on Trent and Staffordshire Local Enterprise Partnership Executive Group. This is the first annual report produced and therefore covers the period from the launch of Ceramic Valley in April 2016 to November 2017, subsequent reports will cover a 12 month period.

The report relates directly to the Strategic Implementation Plan April 2017, the report was used as part of the "Annual Conversation" and will also be used to inform the April 2018 update to the Strategic Implementation Plan.

The report is supplemental to the current reporting required within the governance process including the detailed reports provided to the SSLEP Programme Management Board and Enterprise Zone Project Board.

This report will be produced on an annual basis to inform both the Annual Conversation and the SSLEP Executive Group.
