1. ACCOUNTING POLICIES

Directors remuneration

No remuneration was paid to directors in either 2022 or 2021. Total other expenses claimed by Directors was nil (2021 - nil).

Staffing

The company does not directly employ any staff. Staff working for the company are hosted by partner organisations, who are reimbursed for the employment costs of those staff.

Interest

Company balances held by the Accountable Body earn interest at the average Staffordshire County Council rate earned on all its balances. This interest is credited to the company income and expenditure account at the financial year end.

Trading / Taxation

The company operates as a not for profit entity, it does not trade for tax purposes, as a result, the net surplus arising from these activities are exempt from corporation tax.

Government Grants

Government grants are recognised at the value of the grant received or receivable where there is reasonable assurance that the grant conditions will be met, and the grants will be received.

Fixed Assets

The company does not hold any fixed assets. Computer equipment and other minor assets are owned by the partner organisations. Offices are leased.

Bank and Cash Balances

The company does not have a bank account. All financial transactions are undertaken by the accountable body, Staffordshire County Council, and hence cash balances of the company are held in the County Council's main bank balance.

Creditors

5. GOING CONCERN

Following a national review of LEP's and the publication of the Levelling Up white paper, the future direction of LEP's has been clarified, although the key government grant funding stream continues to be an annual allocation, with no guarantee beyond 22/23. This creates uncertainty over the going concern status of the LEP in the medium to long term.

The directors believe that the LEP has sufficient funds to meet any creditors, have sufficient general reserves to continue operations for several years and could also reduce spend in line with resources they have moving forward.
